MEDINA ILMU
Mencerdaskan Generasi Bangsa

Pendek cerita, suatu hari
yang panas , gagak yang haus
terbang di seluruh bidang
mencari air.

Short Stories One hot day, a
thirsty crow flew all over the
fields looking for water.

Untuk waktu yang lama , dia tidak bisa menemukan apapun. Dia merasa sangat lemah , hampir menyerah.

For a long time, she could not find any. She felt very weak, almost giving up hope.

Tiba-tiba , ia melihat kendi air di bawahnya .

**Suddenly, she saw a water jug
below her.**

Dia terbang lurus ke bawah untuk melihat apakah ada air di dalam. Ya , dia bisa melihat air di dalam kendi !

She flew straight down to see if
there was any water inside. Yes,
she could see some water inside
the jug!

A colorful illustration of a crow perched on a tree branch. The tree has green and yellow leaves. In the background, there is a large, brown, textured rock formation. The sky is blue with some white clouds. The crow is small and black, positioned near the top center of the frame.

Gagak mencoba untuk mendorong
kepalanya ke kendi. Sayangnya , ia
menemukan bahwa leher kendi itu terlalu
sempit.

The crow tried to push her head
into the jug. Sadly, she found
that the neck of the jug was too
narrow.

Kemudian ia mencoba untuk mendorong kendi ke bawah supaya air mengalir keluar . Tetapi kendi itu terlalu berat .

Then she tried to push the jug down for the water to flow out. She found that the jug was too heavy.

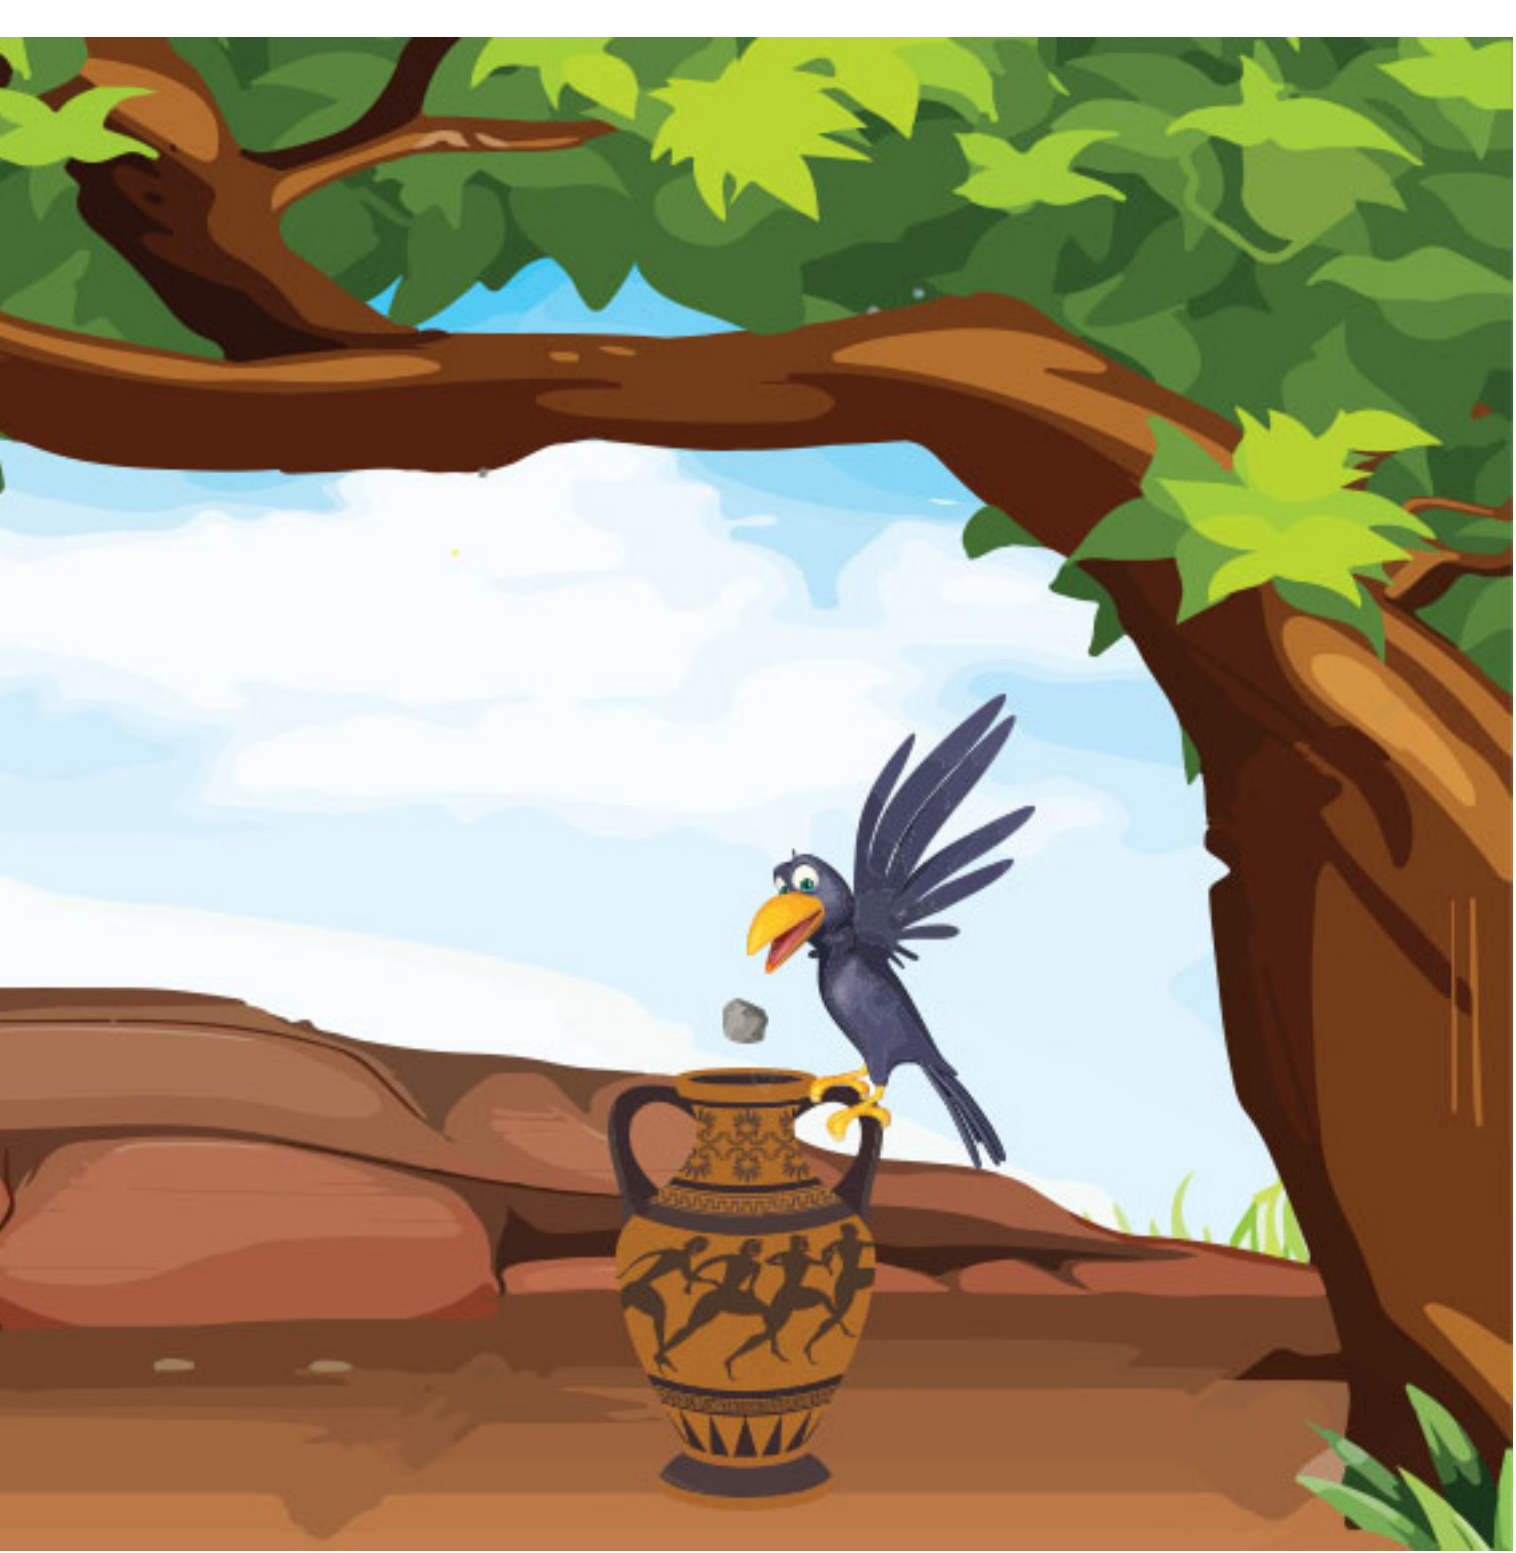

The background is a colorful illustration of a rocky landscape. In the foreground, there are several grey, irregularly shaped pebbles on a brown, textured ground. Behind the pebbles are large, reddish-brown rocks with visible cracks and shadows. In the upper part of the image, there are green leaves and a blue sky with white clouds. Two text boxes are overlaid on the image: a purple one at the top and a yellow one in the middle.

**Gagak berpikir keras untuk sesaat.
Kemudian melihat sekelilingnya, dia melihat
beberapa kerikil.**

**The crow thought hard for a
while. Then looking around her,
she saw some pebbles.**

Karena semakin banyak kerikil dalam kendi,
tinggi air terus meningkat.

As more and more pebbles filled
the jug, the water level kept rising.

Segera itu cukup tinggi untuk burung
gagak dapat minum.

Soon it was high enough for the crow to drink.

Rencananya telah berhasil!

Her plan had worked!

**Pesan Moral dalam Dongen ini adalah
Jika Anda mencoba cukup keras,
Anda akan segera menemukan
jawaban untuk masalah Anda.**
