MEDINA ILMU
Mencerdaskan Generasi Bangsa

Di kedalaman laut biru nan luas, seekor ikan hiu sedang mencari mangsa karena sedang kelaparan. Dengan perlahan ikan hiu itu berenang sambil mengamati keadaan sekitarnya.

In the deep and wide blue ocean, a shark was looking for a prey as he was starving. Slowly he swam while looked surround him.

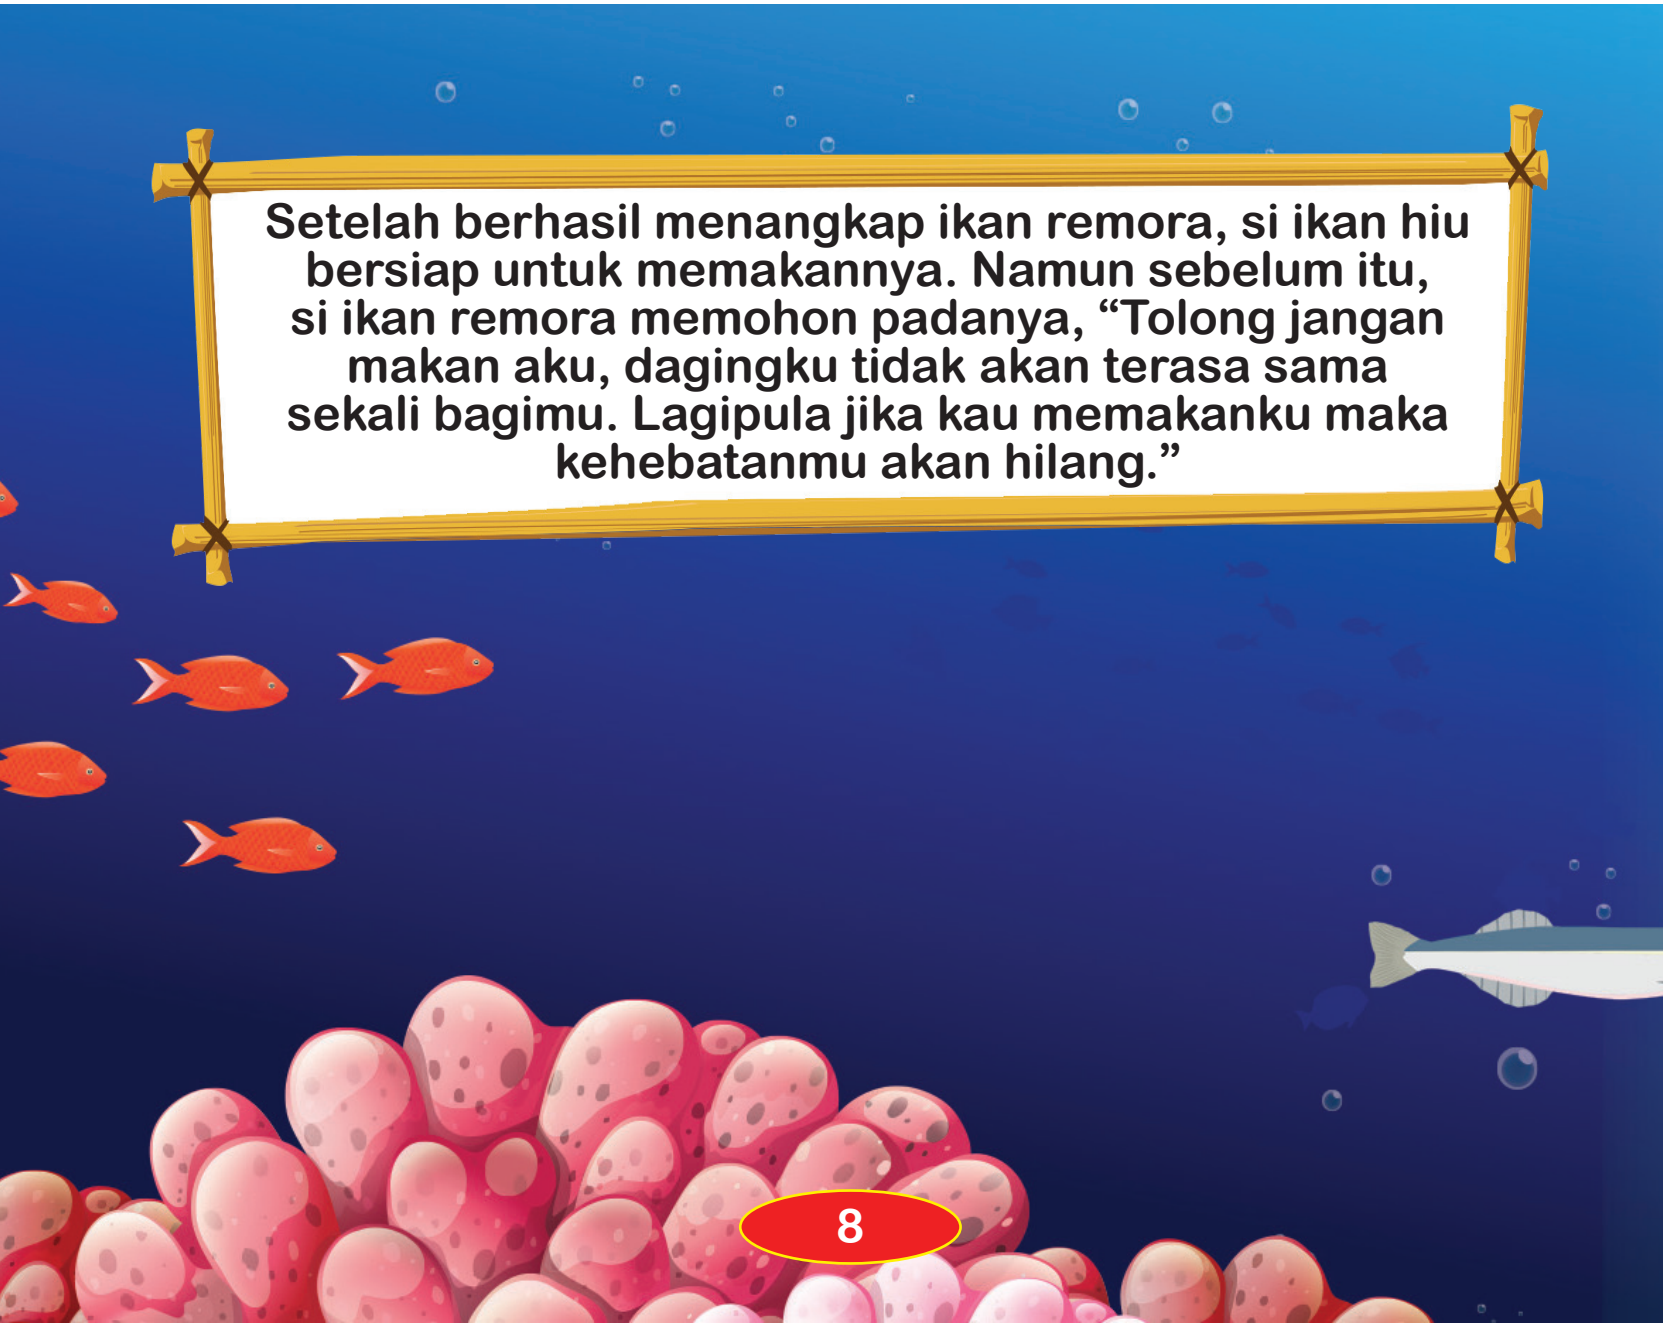

Kemudian tak jauh dari situ, si ikan hiu melihat seekor ikan remora kecil. Tadinya dia tidak memedulikan ikan kecil itu, tapi karena perutnya sudah sangat lapar, maka ikan kecil itu dikejar dan ditangkapnya.

Then not far away from there, the shark saw a small remora fish. First he didn't care about that small fish however as he was starving, he swam and caught that small fish.

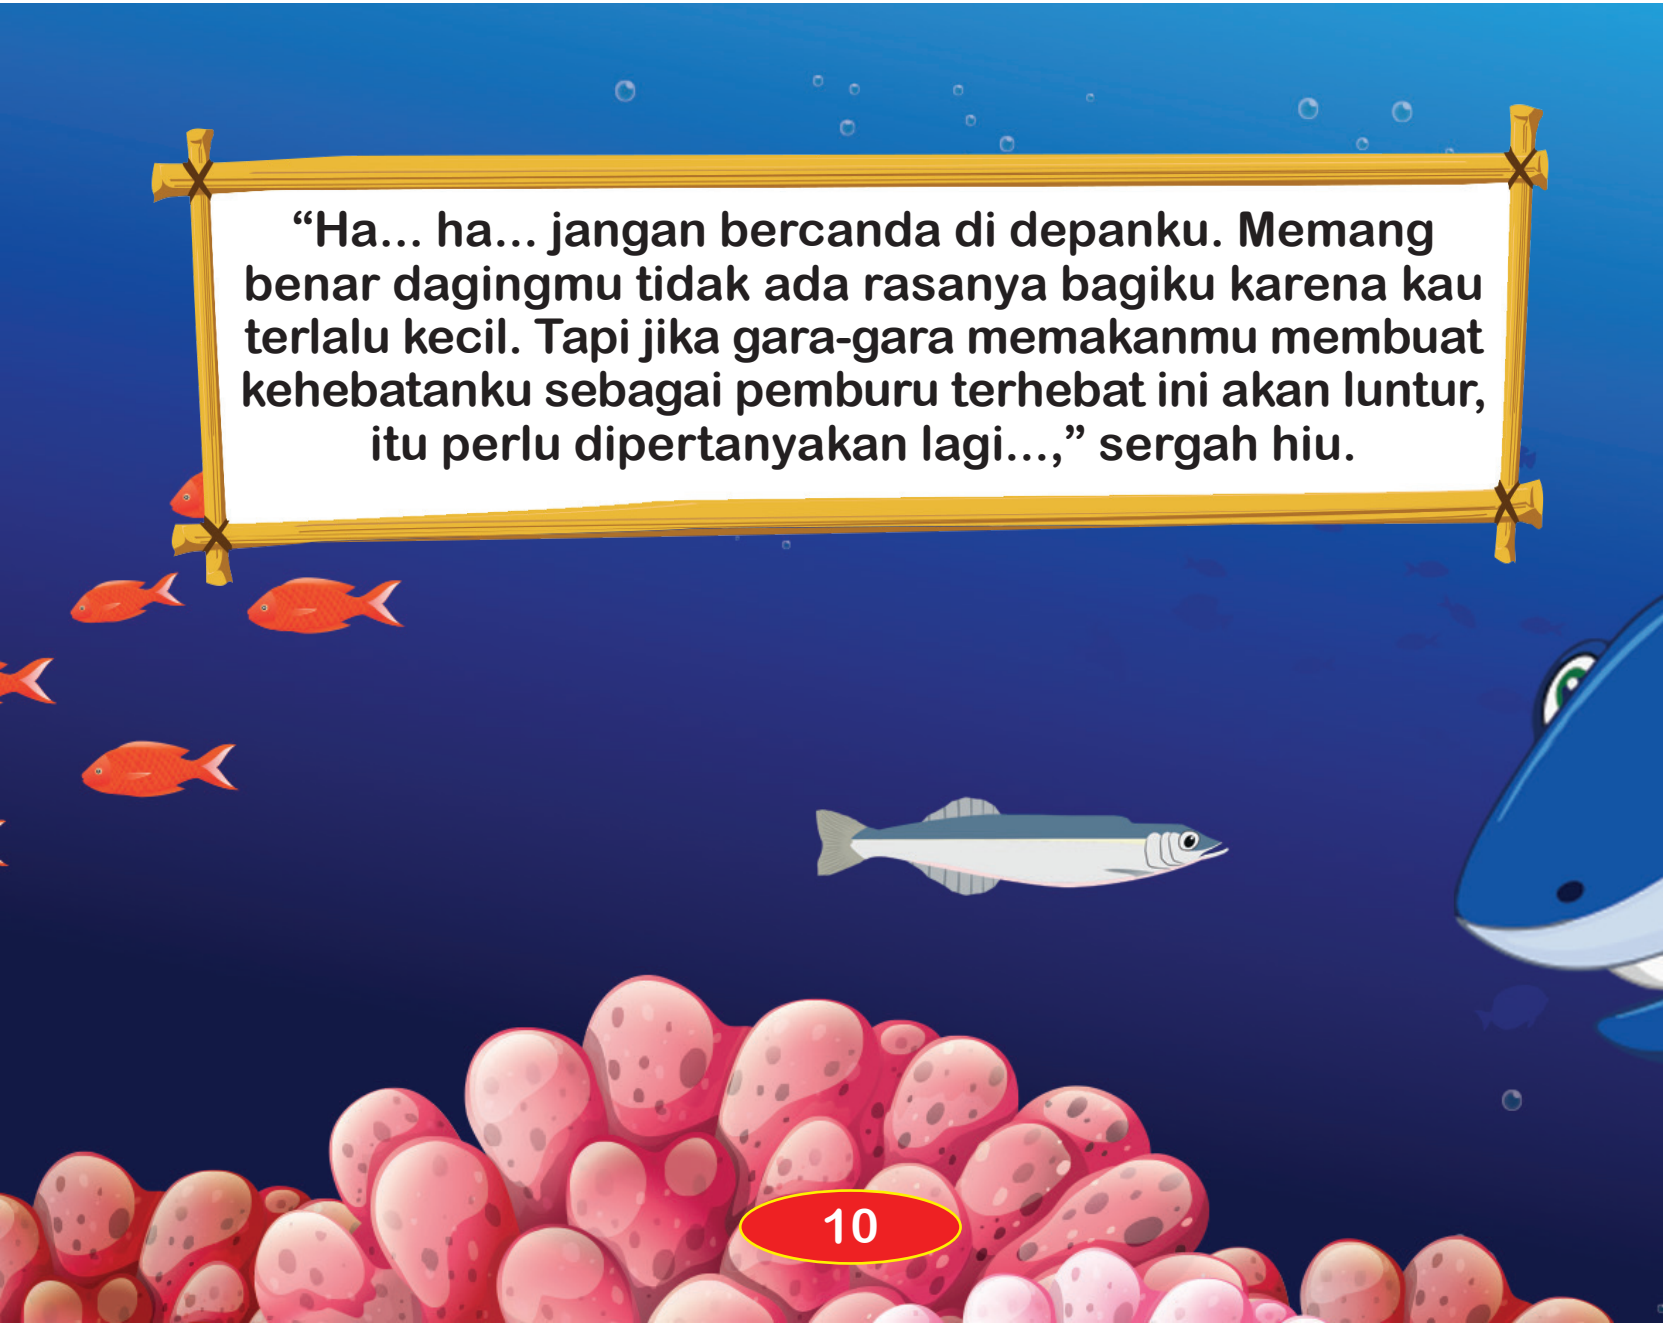

An underwater scene with a dark blue background. In the upper center, a rectangular sign with a yellow border and four corner ties is displayed. The sign contains text in Indonesian. Below the sign, several small orange fish are swimming on the left, and a larger white fish is on the right. At the bottom, there is a large, textured pinkish-red coral or rock formation. Small white bubbles are scattered throughout the water.

Setelah berhasil menangkap ikan remora, si ikan hiu bersiap untuk memakannya. Namun sebelum itu, si ikan remora memohon padanya, “Tolong jangan makan aku, dagingku tidak akan terasa sama sekali bagimu. Lagipula jika kau memakanku maka kehebatanmu akan hilang.”

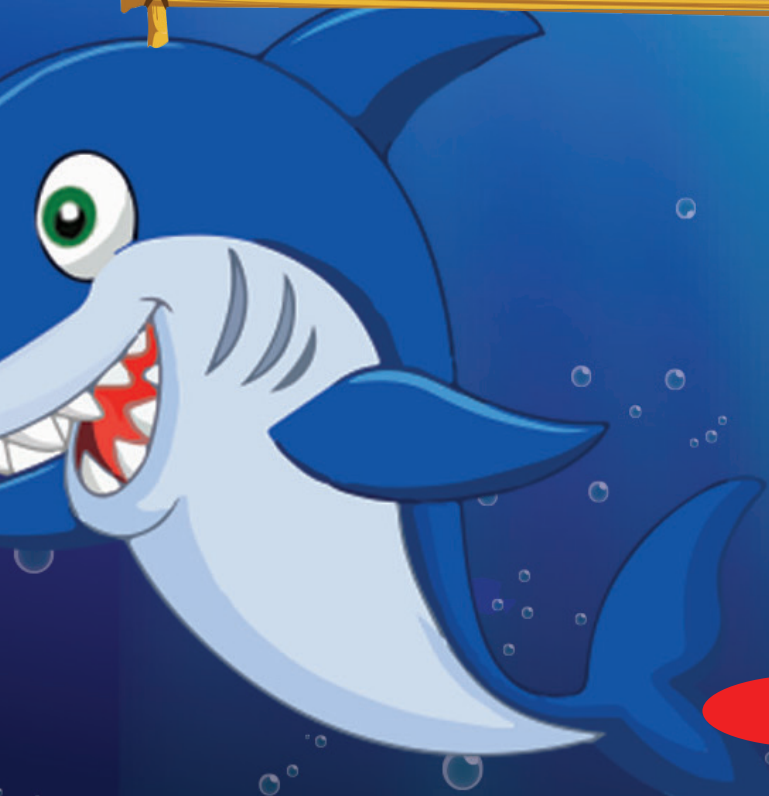

After he did it, the shark was ready to eat the remora. Nevertheless, the remora asked, "Please to not eat me, It wouldn't make you satisfy. Moreover if you would eat me, your power would be gone."

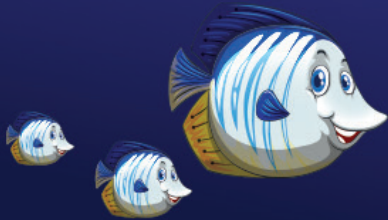

An underwater scene with a dark blue background. At the top, a yellow speech bubble with a wooden frame contains text. Below the bubble, several small orange fish swim on the left, a single silver fish swims in the center, and the head of a large blue whale is visible on the right. At the bottom, there is a large, textured pink coral reef.

“Ha... ha... jangan bercanda di depanku. Memang benar dagingmu tidak ada rasanya bagiku karena kau terlalu kecil. Tapi jika gara-gara memakanmu membuat kehebatanku sebagai pemburu terhebat ini akan luntur, itu perlu dipertanyakan lagi...,” sergah hiu.

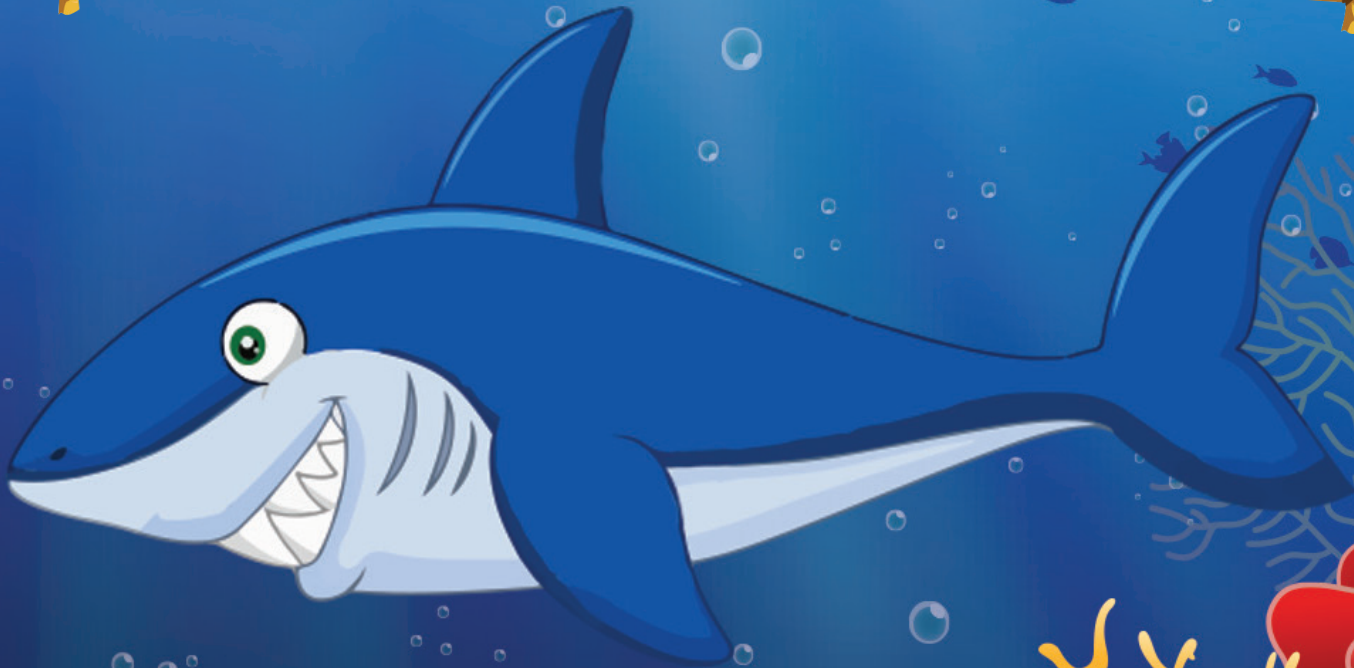

“Ha... ha... why did you kidding me. It was true that you were not tasty as you were petite. But if eating you made my power as hunter would gone, it would questionable again...” said the shark.

“Jadi kau tidak percaya padaku? Aku bicara begini karena aku juga tidak kalah hebat dan menakutkan dibanding dirimu,” timpal si ikan remora sedikit sombong.

“So you didn’t believe to me? I said like this because I also as great as you were,” replied the remora with a bit arrogant.

“Oh, ya? Jadi kamu juga ditakuti oleh ikan-ikan dan hewan lain yang hidup di laut ini? Jika ya, aku ingin melihat buktinya,” ucap hiu penasaran ingin melihat kehebatan ikan remora.

“Really? So you were also scary for the fishes and other living animal in this ocean? If yes, i would like to see the proof,” said the shark with full of curiosity about remora’s ability.

Si ikan hiu terpedaya, dia mulai melupakan rasa laparnya karena penasaran dengan kehebatan si ikan ini. Dia berpikir tidak mungkin seekor ikan remora kecil ini ditakuti oleh penghuni lautan.

The shark was hypnotized. He started forget his starving due to his curiosity to the power of this fish. He thought that the small fish wasn't able to be scary for the ocean animals.

Maka ikutlah si ikan hiu berkeliling dengan si ikan remora. Ada banyak hewan yang mereka temui, salah satunya si ikan badut yang lucu. Tapi sebelum menghampiri, si ikan badut ini langsung berenang menjauh karena ketakutan.

The shark followed the remora. They met a lot of animal, one of them was clownfish. But before they got closer, the clownfish swam away immediately due to he was scare.

Tak berapa lama mereka bertemu dengan si ikan pari, sama seperti sebelumnya ia juga berenang menjauh ketakutan ketika melihat ikan remora bersama si ikan hiu. Begitupun dengan ikan-ikan lainnya selalu ketakutan saat melihat ikan remora dan ikan hiu datang.

In short time, they met with the stingray. As same as previously, he also swam away when he saw the remora with the shark. Other fishes also afraid when they saw the remora and the shark came.

“Lihatlah! Aku tidak bohong, kan? Hewan-hewan ketakutan melihatku,” ujar ikan remora bangga. Ikan Hiu mengangguk-angguk kagum. Ia tidak menyadari jika sebenarnya hewan-hewan yang mereka temui tadi sesungguhnya takut padanya.

“Look! I didn’t lie. Those animals were afraid to see me,” the remora said proudly. The shark became amazed. He didn’t realize that the animal they had met actually scared to him.

“Jika kita berteman dan saling bekerja sama maka kita akan menjadi tim hebat yang tak terkalahkan di laut. Bagaimana? Kamu setuju?” ajak ikan remora penuh semangat. Ikan Hiu akhirnya terbujuk oleh rayuan ikan remora.

“If we became friend and also collaboration each other, we would be an undefeatable great team in the ocean. Did you agree?” asked the remora on fire. The shark was persuaded with remora fish’s persusasion.

Maka sejak saat itu ke mana pun ikan hiu pergi, ikan remora selalu menemaninya. Mereka hidup dari sisa-sisa makanan buruan si ikan hiu. Ikan hiu tidak marah dan juga tidak merasa terganggu dengan kehadiran ikan remora. Ia justru senang karena ada teman bicara.

After that, wherever the shark went, the remora always accompanied him. They survived from the shark's prey. The shark didn't angry and also he didn't feel bothered with the existence of remora. He was happy as he had chatting partner.
